

Access Service Category	Access Service Sub-category	Description	Voluntary Access Code	Mandatory Standards on Access		
			Access Services			
			Draft Access Code	Determination No.1 of 2005		
Network Services	Conveyance	Services associated with the origination, termination of traffic for the access seeker	Fixed Network origination	Fixed Network origination	Para 6 (1)	
			Fixed Network termination	Fixed Network termination	Para 6 (3)	
			Mobile Network origination	Mobile Network origination	Para 6 (4)	
			Mobile Network termination	Mobile Network termination	Para 6 (5)	
			3G-2G Domestic Inter-operator roaming	3G-2G Domestic Inter-operator roaming	Para 6 (10)	
			Public mobile origination and termination			
			Equal access (PSTN)	Equal access (PSTN)	Para 6 (2)	
			Internet access call origination	Internet access call origination	Para 6 (9)	
			Network signalling service	Network signalling service	Para 6 (15)	
			Inter-Operator Mobile Number Portability Support	Inter-Operator Mobile Number Portability Support	Para 6 (11)	
	Capacity	Services associated with the provision of nominated transmission capacity to the access seeker	Private circuit completion	Private circuit completion	Para 6 (7)	
			Interconnect link	Interconnect link	Para 6 (6)	
			Domestic Connectivity to International	Domestic Connectivity to International	Para 6 (13)	
			Bitstream	Bitstream	Para 6 (18)	

ACCESS SERVICES AND SERVICE CATEGORIES

APPENDIX 1

Access Service Category	Access Service Sub-category	Description	Voluntary Access Code	Mandatory Standards on Access	
			Access Services		
			Draft Access Code	Determination No.1 of 2005	
			Digital terrestrial broadcasting multiplexing (DTB)	Digital terrestrial broadcasting multiplexing (DTB)	Para 6 (23)
			Digital Subscriber Line Resale	Digital Subscriber Line Resale	Para 6 (20)
			Internet Interconnection	Internet Interconnection	Para 6 (21)
			Broadcasting Transmission	Broadcasting Transmission	Para 6 (22)
			Full Access	Full Access	Para 6 (16)
			Line Sharing	Line Sharing	Para 6 (17)
			Sub Loop	Sub Loop	Para 6 (19)
			Access to network elements (Note 1)	Infrastructure Sharing	Para 6 (12)
Facilities	Network Elements	Access to switching, transmission and signalling network elements of the access provider's network	Access to network elements (Note 1)		
	Other Facilities	Access to platforms, civil works and other facilities of the access provider	Access to network facilities (Note 2)		
			Infrastructure Sharing		
			Network Co-Location	Network Co-Location	Para 6 (14)

Notes:

- (1): Access to network elements in this sub-category include access to unbundled local loops and to sub-loops.
- (2): Access to network elements in this sub-category include access to ducts, towers, poles and masts.
